How are you?

Had a tough week in Ottawa.
Team members harassed.

Back in Montreal and will do
virtual to spare my team.

Worse in Donbas, I should
think

Sorry to hear this. I am also
virtual this week. I feel terrible
about how your team was
treated.

I was wondering where you
were cause I couldn't
recognize the room!

Even worse, it is the women
who feel unsafe. Got my driver
to drive them when I could.

In my finally renovated flat!
